Data updated November 1, 2006

Staff headcounts as of November 1

Note: The counts below follow IPEDS logic for counting staff. This logic intends to capture a "snapshot" of employees on the payroll as of November 1. Faculty are counted as faculty only if their primary role at the college is instruction. Thus faculty counts here match faculty counts elsewhere in this factbook (IPEDS staff report counts faculty according to faculty "status", not primary instructional role)
